WHO WE ARE

Crafted in Jaipur, built to last anywhere.

Founded in 2022, CabinWala (Portable Cabinwala Pvt. Ltd.) is a Jaipur-based manufacturer of durable, fully customizable portable cabins and prefab structures — engineered to hold up in real Rajasthan conditions of heat, dust and heavy daily use. From a single security post to a full multi-cabin site office, we handle the entire journey in-house: design, manufacturing, transport, installation and maintenance.

OUR MISSION

Dependable, affordable portable spaces that deploy fast and last for years — not seasons.

OUR VISION

To make modular construction a smarter first choice for modern India.

OUR PROMISE

Transparent pricing, honest timelines and a 5-year warranty on every cabin we deliver.

Cert. No. INQ/AN-22480/126676/0225 • All-India delivery reach

Portable & prefab solutions for every need

Smart spaces. Strong builds. Delivered anywhere.

Portable Office Cabins

Insulated, AC-ready site and project offices with wiring, flooring and windows built in. Delivered move-in ready and easily relocated as your site changes.

Container Homes

Premium container and tiny homes for stays or full-time living. Thoughtfully finished with kitchen, bath and living space in a compact, movable footprint.

Portable Cafés & Restaurants

Container cafés, food kiosks and modular dining units, fitted out and ready to trade. A turnkey storefront you can open on day one and relocate at will.

Bunk Houses

Durable labour and staff accommodation for camps and remote sites. Insulated, ventilated and built to house teams comfortably through long deployments.

Homes, retail & specialty spaces

Purpose-built spaces. Delivered with care.

Portable Farm Houses

Off-grid-ready weekend retreats and prefab cabins for farmland and orchards. Fully finished interiors that arrive complete and settle onto any plot.

Storage Cabins

Secure, weatherproof storage for tools, equipment and stock. Lockable steel construction that keeps valuables safe and dry across any job site.

Portable Toilets

Hygienic FRP and steel toilet units for construction sites, events and public spaces. Single or multi-cabin configurations with easy servicing and rugged fittings.

Security Cabins

Compact guard posts with all-round visibility, ready to drop at any gate or checkpoint. Weatherproof, lockable and available in single or twin-operator sizes.

A smarter alternative to conventional construction

Modular construction brings speed, flexibility and control to every stage of delivery, reducing on-site disruption, adapting to changing needs and getting projects operational sooner.

CABINWALA MODULAR

Ready in days

Relocatable & reusable

Factory-led fabrication

Easy to expand & adapt

Lower project downtime

Weather-controlled build

TRADITIONAL CONSTRUCTION

Takes months

Permanent, one-time

Heavy on-site civil work

Difficult to modify

Longer setup & disruption

Weather-related delays

Trusted across industries

From construction sites and industrial plants to highways, schools, energy projects and emergency camps, CabinWala units support operations across diverse sectors throughout India—delivering reliable, adaptable spaces built for demanding real-world environments.
